PRESIDENTS MESSAGE

As we start the new year, I would like to look back at last year, and all the work that our club members have done. Andy has done a stellar job with being our President for many years. I would like to thank Andy for his leadership. Andy also put on a number of "Shop Days", this is a tradition that I would like to continue. I would also like to thank all the members that have held office, been a board member, and worked on a committee (Scholarship, Overnight Tour, Holiday Celebration, and many more). This is the glue that keeps our club going.

As I look forward to 2026, I am excited to start a new year of touring the back roads of this beautiful place we call home. As most of you know, I travel quite a bit for my work. I have had a chance to see a good part of our country, and several other countries. When I am away from home, I am reminded how fortunate and blessed we are to live in this special part of the world. We started this club in 1990 with a small group of people who loved the car that changed the world. The Model T offered the average person the ability to travel further from their homes and see more of the beauty of our country than ever before. The Model T was not the most expensive car, instead it was a car of exceptional quality, durability, and value. It changed the lives of the masses in our country and many other countries around the world. It is wonderful to be a part of the tradition that keeps this integral part of our history alive. As we move forward to self-driving cars that have abilities that could not have been imagined when the Model T was developed, I truly appreciate and love driving my Model T's that played such a vital part in our Nation's history.

I look forward to our next year of touring and spending time with all of you. Thank you for the opportunity to serve as the president of this amazing club.

2025 CHRISTMAS LUNCHEON

The REMTC Christmas party was held this year on Dec. 6 and was a luncheon at Cattleman's Restaurant in Rohnert Park. Finding affordable venues for our club's Christmas party has become more difficult over the years, so it was switched to a luncheon this year given Cattleman's moved to the Rohnert Park location at the start of 2025, and no longer have banquet rooms to host parties in the evenings.

Roughly 42 members attended this year's gathering, and it was put together by Dianna Shimkowi and Patty Girman. The club had the whole restaurant to themselves since we were the only booked event on that date. The restaurant was nicely decorated in a Christmas theme, along with the additional decorations added to the tables by Dianna.

Having the whole restaurant to ourselves provided plenty of space to visit with others, but coats were kept on given the restaurant was on the cool side, and we had to request they turn up the heat for everyone. After finishing lunch, a door prize raffle was held where plenty of folks came away with Christmas themed decorations.

In summary, a good time was had by all and many expressed satisfaction with a lunch which allowed easier driving in daylight, and allowing some members to attend that live way too far to easily attend an evening event.

Regards,
Ted S.
