President Message

Hi kids. As I write this message we are 10 days away from the long awaited national tour. I want to thank everyone for their efforts on putting on this event. A lot of people have put in a lot of time and I think this tour will come out pretty good.

I hope we can get a good turnout for the Forestville Parade, it is an event we have long participated in and we make up a good portion of the parade.

There is no meeting in June due to the national tour. In July we'll get together to pat ourselves on the back, or to lick our wounds.

Andy

Sunshine Report: Fran Faraudo reported two get well cards were sent out this month.

Respectfully submitted by
Jeannine Clary
REMTC Secretary

Thanks you to all of the members that showed up for the Creekside Car show.

For the last several years we have shown a few cars at the Apple Valley rehab center in Sebastopol and this year we got invited to a similar event at the Creekside rehab center in Santa Rosa. This is always a fun event for both the exhibitors and residence.

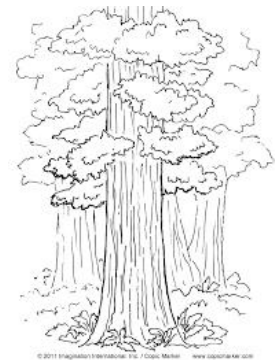

THANKS TO ALL REMTC PARTICIPANTS!

Redwood Trees to Pacific Seas 2018 National Tour

The Redwood Trees to Pacific Seas 2018 committee hopes to see everyone from the club at the event.

Steve

Answer to question 1.

The Ford **Model T** (colloquially known as the Tin Lizzie, Leaping Lena, or flivver) is an automobile produced by Ford Motor Company from October 1, 1908, to May 26, 1927. ... With 16.5 million sold it **stands** eighth on the top ten list of most sold cars of all time as of 2012.

Answer to question 2.

The Ford **Model T** was an American car built between 1908 and 1928 by the Ford Motor Company of Detroit, Michigan. It is one of the most **important** cars in history because it was one of the first cars to be sold for very little money, making it easy for people to travel from place to place.
